

VPC100

19" (18.5" VIEWABLE)
ALL-IN-ONE PC

Modernize your Desktop

The ViewSonic® VPC100 All-in-One PC features a stylish design that looks good and works great on any desktop. The 19" (18.5" viewable) LCD display with built-in Intel® Atom 1.6GHz processor with Microsoft® Windows® XP Home gives you all the computing power you need. This compact, but versatile PC can operate independently, hardwired into a LAN network or work wirelessly in any 802.11b/g WiFi network. Easily transfer and share files, photos and more through the four USB 2.0 ports or the 4-in-1 card reader. It's the smart solution for call centers, libraries, school computer labs, home desktops and anywhere else space is at a premium.

- > View documents and surf the Internet in crisp detail on the high resolution 18.5" screen
- > The Intel Atom 1.6GHz processor with 1GB of memory provides plenty of power for desktop computing
- > Four high-speed USB 2.0 ports provide easy connections for peripherals
- > 4-in-1 card reader allows for easy file transfers
- > Easily integrates into a LAN network through the 10/100/1000 Gigabit Ethernet LAN connection
- > Stay connected wirelessly through 802.11b/g WiFi connectivity
- > Integrated 1.3 megapixel webcam make it easy to interact with friends and co-workers
- > 2x2.5-watt speakers complement video conferencing and Internet browsing
- > View and burn DVDs and CDs with the Super Multi Drive
