

NMP-600

NETWORK MEDIA PLAYER

X-86 Based Network Media Player

ViewSonic's NMP-600 X-86 based Network Media Player features Intel® 1.0GHz Atom 330 Processor and GMA 950 graphics processor for powerful digital signage messaging. Connect to any display through VGA or S-video inputs. This cost-effective solution easily integrates into your existing network and supports a wide variety of digital display components displaying unique or consistent content on displays throughout your network. The 80GB hard disk makes it easy to download content during non-peak hours for implementation later. It's powerful enough to deliver smooth playback of up to 720p graphics and video content, yet small enough to install anywhere.

- > Easy audio and video streaming with content-rich video and graphics
- > IP-enabled for easy, flexible device management
- > Versatile content presentation, single or multiple display zones
- > 80GB local storage and 6 USB ports
- > Lower total cost of ownership (TCO)
- > Network ready for easy installation
