VBS100-A - VIEWBOARD BOX FOR DISPLAYS WITH HDMI OR USB-C

Key **Features**

- Remote Collaboration and Distance Learning
- Easy Digital Whiteboarding
- Smart Podium Functionality
- RS232 Device Control
- WiFi and Bluetooth With Optional Dongle
- Power over Ethernet

Product **Description**

Designed as a companion device for the myViewBoard™ digital whiteboarding ecosystem, the ViewSonic® ViewBoard Box instantly transforms any touch display into a digital whiteboard. That means that any projector, interactive flat panel, or touch monitor, can be used as a content sharing hub for remote collaboration or distance learning. Just connect the ViewBoard Box directly to any touch display via USB-C for both video and touch control, or via HDMI and USB-A. With the built-in myViewBoard Display app for Android, and a provided security code, ViewBoard Box can mirror any myViewBoard canvas and share content from anywhere in the world.
