

VNB131

13.3" VIEWBOOK™ PRO

Powerful Lean and Green

Specifically designed and tuned for Windows® 7, ViewSonic's thin and light ViewBook™ Pro uses the latest technology and advanced features to support the high-performance Intel® ULV Core™ 2 Duo processor. Featuring 1280x800 resolution and 16:10 aspect ratio, the ViewBook Pro's 13.3-inch LED backlit screen achieves the best balance between compact size, image quality and great readability for widescreen videos and multi-page documents. Mercury-free LED backlight technology also requires less power, stabilizes faster and has longer life as well as superior color uniformity. Experience outstanding smarter, greener computing, with all the performance you need for to meet your home/office.

> Eco-friendly

Streamlined design and optimum processing power, uses 25% less energy and recycles easily.

> Sturdy yet lightweight

Made of advanced aluminum-magnesium alloy, the lightweight. ViewSonic ViewBook Pro is exceptionally strong and resilient compared to plastic products.

> Long battery life

Up to 12 hours (with the optional additional battery), you're free to work on the road, do research, and browse Web pages or access mails all day long.

> Connectivity at its best

When you're at work or on the road, the VGA connection gives most compatibility for presentations or connection to an external monitor; when you're at home, HDMI gets optimum performance from your home theater.

> Super-charger media

The removable Super Multi Drive is capable of burning DVDs at 8x speed and is compatible with all popular disc formats.
