

OS-FREE DESIGN FOR SECURITY & VERSATILITY

CDEG3 Series

The ViewSonic® CDEG3 series of commercial displays delivers simple and fast videoconferencing needed in high-performance environments. Built for government command centers, briefing rooms, corporate meeting spaces, training facilities, and healthcare settings, these displays help you run smooth and professional meetings in a variety of environments.

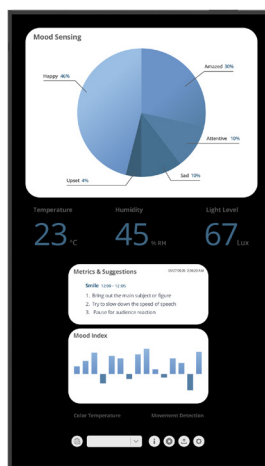

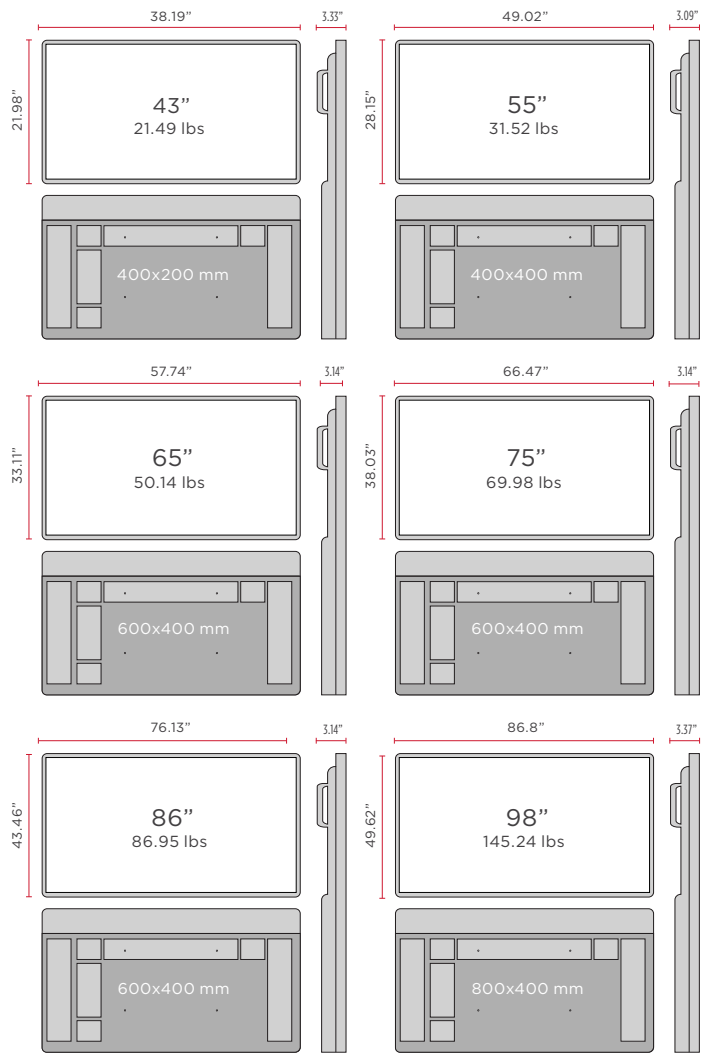

With its **OS-free design**, these commercial displays minimize security risks, simplify setup, and lower your total cost of ownership. You'll also get **BYOD-ready connectivity** with a single USB-C cable for seamless video, audio, data, and power delivery.

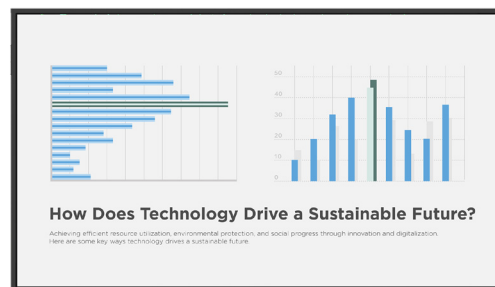

PERFORMANCE THAT KEEPS YOU MOVING:

- **Optimized for Videoconferencing:** Clear 4K visuals and consistent 24/7 performance keep calls sharp, content visible, and meetings running smoothly.
- **Fast Startup:** Boots quickly so meetings start on time and teams stay on schedule.
- **Simple Connectivity:** A single USB-C cable (plus HDMI) makes it super easy to connect a laptop and share content.
- **Seamless AV Integration:** These displays are Q-SYS certified and compatible with Crestron, Extron, and AMX for easy integration.
- **Flexible Installation:** Mount these displays in portrait or landscape orientation to perfectly fit your space.
