## VA720 LCD Display

### VA720 – a mix of performance and style.

Sharp picture quality in a slim, stylish, design that turns your monitor into an entertainment centerpiece. You'll get lifelike images with the high 450:1 contrast ratio (typ), 250-nit brightness (typ) and a 1280x1024 native resolution. The ultra-thin 2.7" LCD saves desk space, while the elegant metallic-on-black look states your style. The ViewSonic VA720 will change the way you view your computer monitor.

- **High brightness and contrast**

With a high brightness of 250 nits (typ) and a high contrast ratio of 450:1 (typ), this display brings bright, rich color to your view.

- **Wide viewing angles**

You get a clear picture at virtually any angle with a wide 140° horizontal and 135° vertical viewing angle.

- **Full 17.0" viewable screen**

Displays a full, flat 17.0" viewable area with crisp detail and fully saturated color.

- **1280x1024 native resolution**

Displays a native resolution of 1280x1024 for outstanding image detail. Automatically scales lower resolutions to fill the screen.

- **Metallic-on-black design**

The attractive two-tone design complements next-generation PC designs to create a true home entertainment center.

- **Sleek and slim profile**

The super-thin 2.7" profile design is a great space-saving choice for your desktop and can fit where conventional monitors cannot. Weighing less than 14 pounds, it is easy to position and move from room to room.

## VA720 LCD Display

- **OSD/Power lock function**

When activated, user-controlled OSD lock prevents changes to monitor settings, maintaining an optimized image.

- **Fold up base for wall-mounting**

The compact base folds up 90° for VESA®-compliant wall mounting, making conversion between desktop and wall mount applications easy.

- **ViewSonic Wizard**

This software provides user-friendly installation.

- **TCO'99 and Energy 2002 certified**

- **One-year limited warranty**

U.S. only, (3) three years outside of U.S.

- **PC and Mac® compatible**
