

ViewPad® 7e – 7" Android Tablet

Great for surfing, e-reading and mobile entertainment

V7e

ViewPad 7e 7" Android 2.3 tablet features a high-performance 1GHz processor to deliver a powerful multimedia experience in an affordable and portable package. The brilliant 800x600 multi-touch screen includes RiteTouch technology to accommodate handwriting with a stylus as well as touch input. Features such as Adobe Flash 10.3 support, great preloaded apps, plenty of storage capacity, dual cameras, and flexible connectivity options make the ViewPad 7e the ideal tablet for web surfing, social networking, e-reading, gaming and much more. Do it all with one compact device that fits your hand and your budget.

1 The Web You Want

ViewPad 7e is optimized to give you the best web browsing experience in the palm of your hand. Built-in support for Adobe Flash 10.3 ensures that you can access all of your favorite web sites for streaming video, games, interactive online content and social networking.

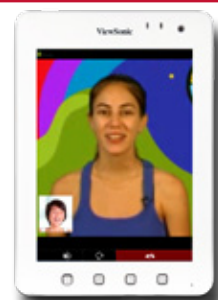

2 Your Digital Library

Store all of your media files and e-books with a generous 4GB of internal storage. MicroSD card support offers expandable storage up to 32GB for all your favorite music, movies, photos and more. Built-in apps with cloud storage features give you even more space and anywhere access to your favorite files.

3 Connect in More Ways

Stay connected with a primary 3MP auto-focus camera for photography and 0.3MP camera for videoconferencing/video chatting, HDMI output for sending 1080p video to an external display, and 802.11 g/b/n Wi-Fi and Bluetooth support.

ViewPad® 7e – 7" Android Tablet
