Product Description

The ViewSonic® XG2705 is a 27" Full HD IPS monitor built with the speed and performance that gamers need. Featuring a 144Hz refresh rate and AMD FreeSync™ Premium technology, this monitor virtually eliminates screen tearing and stuttering for fluid game play during fast-paced action scenes. An ultra-fast 1ms (MPRT) response time also provides smooth screen performance free from blurring or ghosting. For multi-display setups, a three-sided borderless design maximizes viewing size while minimizing frame distractions. Flexible connectivity options such as DisplayPort and HDMI allow you to connect to your PC and gaming console.
