VBS200-A-S - VIEWBOARD SMART AV CONTROLLER FOR DISPLAYS WITH BUILT-IN WI-FI, VCAST LICENSE, 4K UHD HDMI 2.0 OUTPUT, HDMI 1.4 INPUT, MINI DISPLAYPORT, POE, RS232, LAN, USB 3.0, USB 2.0

Key **Features**

Product **Description**

Managing and maintaining different projectors, commercial displays, and interactive flat panels shouldn't be difficult or expensive. The ViewSonic® ViewBoard® VBS200-A Smart AV Controller provides a cost-effective and easy-to-install solution that you can manage on your own without the need for expensive AV consultants or high-end AV control systems. To get started, simply connect the VBS200-A to your RS232C compatible displays from any brand, and sign up for ViewSonic Manager™ software. With this setup, you gain instant access to a centralized dashboard, enabling you to efficiently manage all your compatible displays. You can also upgrade from ViewSonic Manager to Manager Advanced™ software, which will provide premium features such as broadcasting urgent alerts and more. In addition, with Power over Ethernet (PoE) and boasting versatile connectivity options, the VBS200-A provides IT managers with an easy to setup remote management system wherever they are, no matter the time of day.
