VB-WPS-003-S - VIEWBOARD HDMI AND USB CAST BUTTON FOR WIRELESS PRESENTATION

Key **Features**

Product **Description**

The ViewSonic® ViewBoard® Cast Button is an easy-to-use screen sharing device. It enables 1080p content to be streamed from a user's PC onto a ViewBoard® interactive display over wireless or cable networks. Just pair the button with your devices, click the button and begin sharing content. Cross-platform support for Windows, MacOS, Chrome OS and Linux delivers convenience and versatility. Dual-band WiFi support ensures blazing-fast wireless network speed, and the built-in WPA2 PSK encryption ensures a secure connection. Whether used in conference rooms or huddle spaces, the ViewBoard® Cast Button makes group collaboration quick and easy.
