Product **Description**

TD1656-2K is a portable 16” 16:10 monitor designed for optimal productivity on the go. Weighing less than 2lbs and under 0.5” thick, with an intuitive smart cover to both provide versatile viewing options and protect the screen in transit, this portable is optimized to take on the road. 10-point capacitive touch allows for intuitive screen control while 2K resolution offers vivid details for crispy and clear imagery. The two way power USB-C connectors provide a one-cable solution for multimedia transfer and 65W power charging, either receiving power from a laptop or power bank, or being able to pass through power to the connected device, when the portable is connected to a power source.

Specifications
