Product **Description**

Imagine walking into a conference room and immediately sharing your content to present your ideas. The ViewSonic® ViewShare™ WPD-900 wireless presentation system makes this possible with a true plug-and-play experience. Just plug it in, and you're ready to present in seconds. Classes move faster. Meetings start on time. Everyone stays focused on the ideas instead of the tech. The WPD-900 integrates smoothly with laptops, tablets, and phones via AirPlay, Miracast, and ChromeOS. Plus, it offers peace of mind with a direct, encrypted AES-128 connection that keeps your data protected without touching the main network. It is the easiest way to bring seamless collaboration to any enterprise or higher education environment.
