Product Description

The ViewSonic® LDM136-151C is an innovative All-in-One Direct View LED display. With a huge 136" screen size and advanced Chip-on-Board (COB) technology, the LDM136-151C is built to impress as a centerpiece in any higher education auditorium or lecture hall, as well as in corporate conference rooms, boardrooms and lobbies. This display boasts immersive and stunning visuals thanks to Chip-on-Board (COB) technology with Full HD resolution that pairs perfectly with an impressive 600-nit high brightness and 10,000:1 contrast ratio. This ensures content and messages are always easy to see, even in brightly lit environments. As a true all-in-one solution, the LDM136-151C includes the display, controller, and all components in a single part number, making specification, purchasing, and setup incredibly simple. With a high brightness of 600 nits, an incredible 10,000:1 contrast ratio, and powerful dual 30W speakers, this display provides vibrant, high-impact visuals and immersive sound for an exceptional viewing experience.
