

Introducing AirSync

Effortlessly share your screen and energize your lessons with [AirSync](#), designed for ViewSonic ViewBoards and presentation displays. Start with the streamlined browser experience for quick and seamless casting, or unlock advanced features with the desktop and mobile apps to inspire richer discussions and deeper engagement in every lesson. Plus, with [AirSync](#)'s end-to-end encryption (E2EE), your classroom data stays safe and secure.

Effortless Collaboration

Bring discussions to life with two-way casting, split-screen features, and moderation controls for a more secure classroom.

Convenient Casting

Connect and cast effortlessly using your browser or app via the internet or intranet, QR codes, or with support for Miracast, AirPlay, and Google Cast.

User-friendly Interface

Dive into teaching without a hitch using the intuitive, easy-to-navigate interface.
