

Built for the Way Schools Work

A Unified Solution for Educators and IT Teams

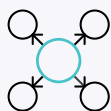

ViewSonic EDLA-Certified solutions work in harmony with ViewSonic Manager software to deliver the tools educators love with the centralized control IT teams require. Purpose-built for education and integrated with Google Workspace for Education apps, this all-in-one solution provides a familiar, intuitive experience—making teaching more efficient and device management smarter.

Familiar Google Teaching Tools

Designed to fit naturally into daily classroom routines, this solution helps teachers get started faster and teach with confidence using the tools they love—no steep learning curves or hassle juggling logins.

Centralized IT Management

With the integrated ViewSonic Manager platform, IT teams get full visibility and control over EDLA-Certified ViewSonic devices across campus, enabling quicker responses, smoother operations, and fewer disruptions.

Security That Never Sleeps

Security is built in at every level, with Google Play Protect and ViewSonic Manager working together to safeguard school data and devices. These behind-the-scenes features quietly reduce risk without disrupting the classroom experience.
