DIRECT VIEW LED

- Huge 135", 163" and 216" screen sizes are easy to install and come pre-calibrated for uniform and dazzling colors.

- These displays deliver a cost-effective, all-in-one video wall solution.

- With the ViewSonic embedded Signage Platform (VESP), there is no need for any external devices to communicate with the server or play digital media. Photo and video files can be played back using the embedded media player and internal memory.

- Multiple pre-calibrated panels eliminate the need for a complicated setup process. Installation requires two people and can be done within 2 hours, saving time and labor cost.

- With 120% coverage of the Rec. 709 color space, high brightness and a greater contrast ratio, these displays deliver jaw-dropping, lifelike color and stunning video.

myViewBoard®

TOOLS DESIGNED FOR THE WAY YOU TEACH

The myViewBoard® Ecosystem is your visual learning platform. Purpose-built to connect, engage and inspire through a comprehensive suite of apps, it empowers educators and professionals like you to work, teach and learn in your own way.

myViewBoard Classroom

The myViewBoard Classroom™ app is an online teaching tool packed with a variety of features to help you create and manage a classroom environment in the digital space. It connects you to your students wherever they may be.

myViewBoard Companion

This easy-to-use app enables you to interact with your ViewBoard display directly from your mobile devices. With myViewBoard Companion™, you can quickly login, control presentations, share content and more from laptops, tablets and mobile phones.

myViewBoard Display

myViewBoard Display is a free screen-sharing app that allows you to easily, and wirelessly, share content from any device directly to the display at the front of your class.

myViewBoard Manager

For IT admins, it's tough managing the hundreds of devices and displays that live on the school network. Now with myViewBoard Manager™, an easy-to-use web-based application, IT can securely set up, manage and maintain all of a school's devices from a centralized dashboard.

myViewBoard Originals

myViewBoard Originals™ delivers interactive games, lessons and backgrounds that are created by teachers for teachers using myViewBoard tools. You can search by subject and grade level to find just what you need to engage your students

Urban
Renewal Plan

A primary purpose of urban renewal is to restore economic viability to a given area by attracting external private and public investment and by encouraging business start-ups and survival. It is controversial for its eventual displacement and destabilization of low-income residents, including African-Americans and other marginalized groups.

Public Park

Plants and Amusement Park

An amusement park is a park that features various attractions, such as rides and games, as well as other events for entertainment purposes.

Central City

City Hall

In urban planning, a core city, principal city, metropolitan core, or central city is the largest or most important city or cities of a metropolitan area.
