HOW TO START AN ESPORTS TEAM

There is a variety of ways to start a high school esports team. Your school can start a team and students can compete amongst themselves, or compete with other teams within the district. You can also join a nation-wide league to help you facilitate high school esports matches. If you need assistance in starting a team, there are organizations like the High School Esports League (HSEL) that can help you manage that process.

BUT BEFORE WE GET STARTED WITH THE COMPETITION, ESPORTS FANS WILL STILL NEED TO GO THROUGH THEIR SCHOOL'S TYPICAL CHANNELS FOR CREATING A NEW CLUB OR TEAM.

At most high schools, this means finding a teacher or other faculty member to sponsor the program. Here are some basic steps to follow for creating a new high school esports team:
