# EXPERIENCE PRODUCTIVITY FROM ANYWHERE
## ViewSonic Portable Monitors

**Get more done no matter where you are with the ViewSonic® TD1655 (touchscreen) and VG1655 (non-touch) portable USB-C monitors.** With a single USB-C cable, you can expand your setup to a second screen and easily enhance your productivity whether you're at home, in the office or on the go.

Take interactivity and collaboration a step further as you tap, pinch, swipe or zoom on the TD1655 touchscreen during meetings and presentations.

Don't let single screen setups hold you back. Easily edit your spreadsheets, make smarter presentations and simplify your research no matter where work takes you with the ViewSonic portable monitors.

**PRODUCTIVITY POWERHOUSE:** Tired of switching between tasks on a single cramped laptop screen? With a portable monitor you can enjoy enhanced productivity, more efficient multitasking, easier comparisons and so much more.

**WORKS WITH MULTIPLE DEVICES:** Experience plug and play functionality on multiple enterprise-level devices and reduce clutter with a single cable solution that seamlessly delivers power to your laptop.

**HYPER-PORTABLE:** With a thickness of just 12mm, these 2lb portable monitors can be effortlessly stowed into backpacks, purses and even laptop cases.

**BUILT-IN STAND:** Each monitor comes with a durable screen cover and a built-in stand that enables you to orient the screen in both portrait and landscape modes.

**TRUSTED FOR OVER 30 YEARS:** With over 30 years of experience as a leader in visual displays, an award-winning customer service team and an industry-leading warranty, we stand by every product we create.
**MULTI-TOUCH FOR macOS:**
With the all new vTouch driver, macOS users can now access a full range of touch and gesture controls on ViewSonic® TD external touch displays connected to their Apple products.*
