

## UPGRADE TO A MORE PRODUCTIVE WORKSPACE AT HOME

### ViewSonic Monitors for Remote Workers

Hybrid work is here to stay. The remote workforce has proven it can be productive from home. So isn't it time to help your customers enhance their workspaces for more efficient content creation and collaboration? Upgrade your customers' working display from a single laptop or desktop screen and dramatically increase their comfort and productivity by adding a second monitor.

**With one of the industry's widest arrays of digital displays and in-stock monitor SKUs ranging in sizes from 16" to 38", ViewSonic visual solutions are at the forefront of hybrid work. We are one of the fastest growing visual solutions providers in North America, and we can meet all of your customers' needs.** Whether it be dual-monitor solutions and USB-C connectivity options, docking monitors, portable monitors, or video conferencing monitors, we have it in stock and ready to ship. Upgrade your customers to a more productive workspace today.

#### Dual-Monitor Solutions

- Replace your customer's current setup with our dual-monitor bundles for less cost than a single, larger display
- Boost productivity and make multi-tasking faster and easier
- VESA-mount compatibility provides workspace flexibility

#### Docking Monitors

- Integrated RJ45 Ethernet and USB-C ports eliminate the need for expensive docking stations
- USB power delivery of up to 90W to safely and quickly recharge compatible devices
- Daisy chain a second monitor via DisplayPort-out for more screen real estate and improved productivity

#### Portable Monitors

- Compact and lightweight monitors can easily be taken from room-to-room or on the road
- 15.6" screens with non-touch and touchscreen options
- USB-C ports deliver video, audio, data, and up to 60W power over a single cable

#### Video Conferencing Monitors

- Integrated Full HD webcam, microphone and speakers ideal for virtual meetings
- Camera features 5-degree tilt for easy adjustability, while a physical shutter slides over the camera lens to ensure privacy
- Full ergonomic stand for comfort and productivity
