#### FITS ANYWHERE ON CAMPUS

Versatile screen sizes include 43", 50", 55", 65", 75" and 86".

#### VISIBLE CLARITY IN ANY LIGHT

25% high-haze coating eliminates reflections common on glossy panels.

#### INSTANT STARTUP

Jump right into lessons without wasting class time waiting for technology to load.

#### SIMPLIFIED CONNECTIVITY

Share 4K video, audio, data and device charging through a single USB-C cable.

#### EASY INTEGRATION

Works seamlessly with your existing Crestron, Extron and Q-SYS control systems.

#### CERTIFIED CMS PARTNERS

Compatible with popular services like AppSpace, Navori, NoviSign, and Revel Digital.

#### FREE FLEET CONTROL

Remotely manage every display with free ViewSonic Manager™ software. For more robust features, you can upgrade to our subscription-based ViewSonic Manager Advanced™ software.
