

ViewSonic® K-12 Education Solutions

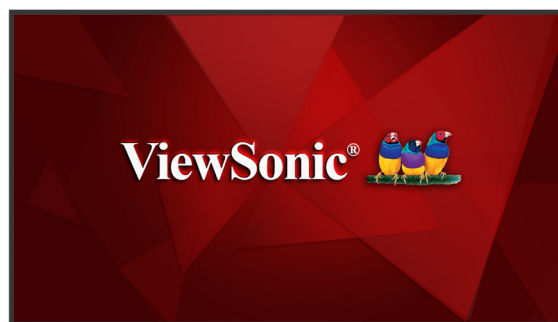

RELIABLE CAMPUS COMMUNICATION FOR ANY SCHOOL

ViewSonic® CDE31 Commercial Displays

A connected campus creates an informed community. The ViewSonic® CDE31 series makes digital communication seamless across your district. With sizes ranging from 43" to 98", these displays fit perfectly in lobbies, libraries, cafeterias, and student unions. You can even install them inside the classroom to serve as a confidence monitor. They are built to run all day without overheating, and they look great in any lighting. IT teams will appreciate the easy setup, and your staff will love the reliability. It's the high-value solution your campus deserves.

Portrait Mode

Landscape Mode

4K VISUAL CLARITY

Crisp text and detailed visuals stay clear from anywhere on campus. Anti-glare glass with 25% high haze and 500 nits keeps announcements readable in bright spaces.

AV CONTROL COMPATIBILITY

Q-SYS certified and compatible with AMX, Crestron, and Extron. Includes an OPS slot and built-in CMS for flexible integration.

FAST STARTUP

Boots up quickly so lessons or signage start without delay.

ALL-DAY RELIABILITY

Rated for 24/7 use with 50,000 hours before failure. Runs cool and consistent for years of daily use.

SMART ANDROID PLATFORM

Android 14 lets you install signage and classroom apps directly on the display with smooth performance and no external media player.

ONE CABLE USB-C

Power, video, and data through a single 65W cable cuts clutter and simplifies setup.

ADA-READY DESIGN

When paired with a slim mount, the display's 2.8-inch depth helps keep the total installed depth under 4 inches to meet ADA guidelines. Also supports landscape or portrait mounting for flexible orientation.

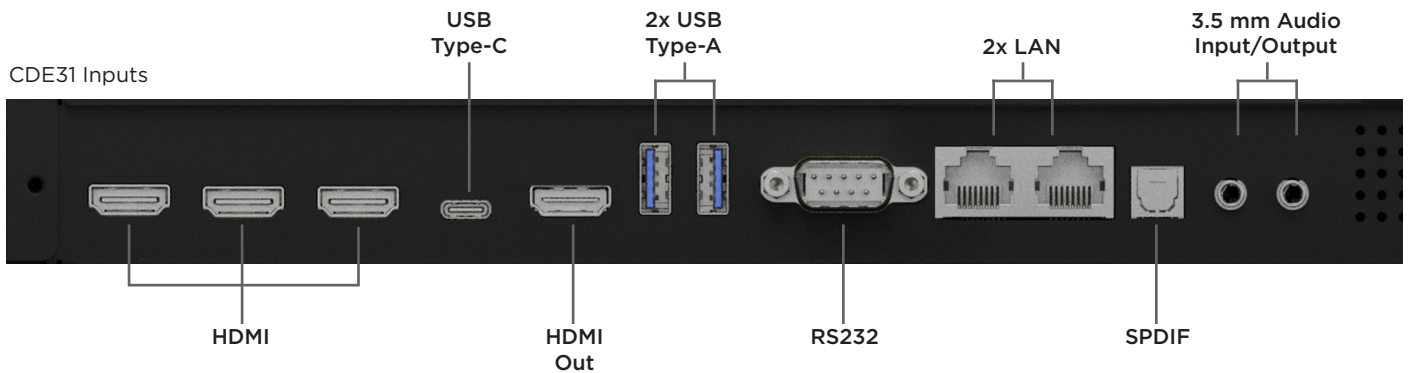

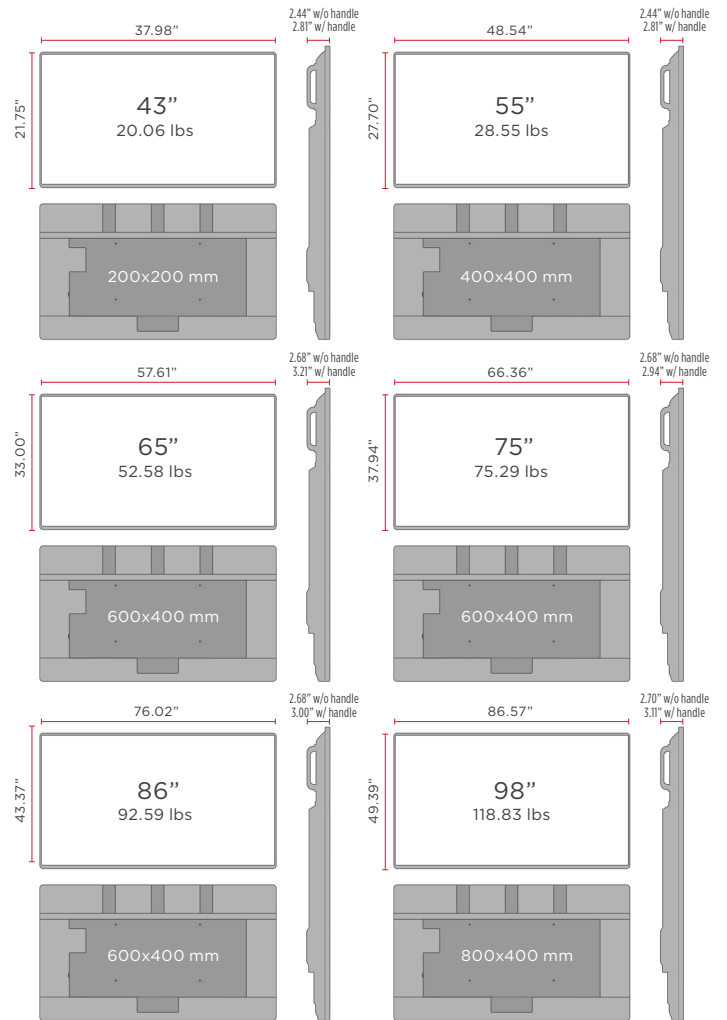

EASY TO MANAGE

Works with ViewSonic Manager and Crestron XiO Cloud for remote monitoring, updates, and control.

Bring crystal clear communication to your school campus with the CDE31 series of commercial displays. Enjoy features including rapid startup performance, built-in 4K playback and a secure Android platform.
