

Key Features

27" 10-point Interactive Display

- > 10-Point Finger and Pen Touch
- > Ergonomically Designed for Group Discussions
- > Share Annotations on a Bigger Screen
- > Reliable Long Term Usage
- > Enhanced Viewing Comfort

Product Description

The ViewSonic ViewBoard S IFP2710 is a multi-touch display with finger and pen touch command capabilities that allows presenters to intuitively draw, write, and annotate directly on the display. An advanced ergonomic design allows you to swivel the display or lay it flat on a tabletop for group discussions. All annotated content on the touch display can be transferred to a larger external display or projector simultaneously via HDMI output or LAN cable from HDBaseT, creating a more engaging classroom or lecture hall environments.
