

LightStream™ Value Projectors

True-to-Life Color in Any Light*

Comparison Guide

The ViewSonic® LightStream™ series of value projectors deliver amazing color accuracy for multipurpose use in education, business, and home environments. Featuring SuperColor™ technology, ViewSonic's LightStream projectors deliver true-to-life colors in any lighting environment*, while a high-brightness output ensures crisp, clear images. Smarter design features include an intuitive and tactile keypad for simple operation, a programmable remote control, an easy-access top lamp door, and an optional cable management hood for reduced clutter. Equipped with uncompromising color at an affordable price, ViewSonic's LightStream PJD5 projectors are the ideal projection solution for any room.
