Unfold New Possibilities. Anywhere.
ViewSonic® Mobile All-in-One dvLED Displays

Ready for a big screen without the big hassle? The ViewSonic® LDS136-152 is the latest generation of ViewSonic's mobile, foldable Direct View LED video wall on wheels designed for maximum flexibility. It sets up in minutes and comes in a durable flight case for easy transport and storage. Thanks to a motorized stand with industry leading height adjustability and more accessible connection ports it's ready for any event, trade show, or pop-up space. Just roll it in, plug it in, and wow your audience.
