Product Description

The ViewSonic Pro9000 is a full HD 1080p laser LED hybrid projector ideal for home theater. This projector is equipped with TI DarkChip3 technology to deliver excellent colors, while 1080p resolution with 1,600 ANSI lumens and 100,000:1 ultra-high contrast produce astonishing, razor-sharp image quality. Built with the advanced hybrid light engine, the Pro9000 is a lamp-free projector that can operate 20,000 hours of light life, with filter-less design. The projector comes standard with dual HDMI for connecting to 1080p devices, audio out for attaching external stereo speakers and RS232 for centralized remote control capability. Home theater enthusiasts can count on the Pro9000 full HD 1080p laser LED hybrid projector to bring stunning, movie-like visual experience to any room.
