Product **Description**

This product has been replaced by CDP5560-L.

The ViewSonic® CDP5537-L commercial display features Full HD 1920x1080p IPS panel technology, fast 120Hz response time and 50,000:1 dynamic contrast ratio. Slim ID design, combined with 33.5mm bezel width makes the CDP5537-L an ideal large screen solution for your digital signage application. Additional features include versatile inputs – HDMI, DVI, VGA, YPbPr and built-in media player utilizing USB storage. Other key features include up to 5x5 tiling for video walls and VGA and DVI loop through support.
