SW-110

Key **Features**

- Annotate Over Any Application
- Import SMART and Promethean Lessons
- Instant Polling and Feedback
- Seamless Presentations
- Cloud-based Solution

Product **Description**

This bundle includes 2 install keys for Qwizdom Oktopus, 3-years of Blend, plus 3-years of Qwizdom Ximbus. Qwizdom Oktopus is an interactive presentation and collaboration software ideal for ViewSonic® ViewBoard® interactive flat panel displays. Oktopus allows users to annotate and work over or alongside any application, existing content, or over a web browser. Qwizdom Ximbus is a cloud-based whiteboarding and collaboration solution ideal for ViewSonic® ViewBoard® interactive flat panel displays. Designed for Google Apps for Education (GAFE), Ximbus delivers annotation tools for both teachers and students and enables real-time sharing, collaboration, and polling from anywhere: remote or local.
