NMP711-P10-S

Key **Features**

Product **Description**

The ViewSonic® NMP711-P10 slot-in PC is a network media player that delivers smart whiteboard functionality for ViewSonic interactive large format displays. This slot-in PC module easily plugs into compatible displays and supports high-definition audio and video. With a powerful Intel® i5 processor, the NMP711-P10 provides the computing power needed for educational, corporate, or scientific environments. In addition, an integrated optional Windows® 10 Pro operating system delivers Windows compatible touch functionality and simple navigation to a variety of applications. The NMP711-P10 is capable of storing and playing hours and hours of high-definition multimedia content thanks to its 4GB of built-in memory and 500GB HDD storage. Connectivity options include DisplayPort, HDMI, VGA, five USB 2.0 ports, and two high-speed USB 3.0 ports, as well as RJ45. In addition, the pre-installed ViewBoard annotation software offers the ability to annotate on top of any content, simultaneously capture annotations, and enables multiple users to work collaboratively.

Specifications
