# Product Description

---

ViewSonic® myViewBoard™ for Windows is an easy-to-use and incredibly secure annotation software solution designed specifically for interactive displays and whiteboards. Featuring advanced AES-256 encryption, this software protects data from unauthorized access, making it ideal for use in corporate spaces. Integration with myviewboard.com allows unlimited users to share screens, as well as cast-in and out from anywhere in the world. myViewBoard™ for Windows also lets users write, highlight, edit, and transform documents and images on-screen in real-time - leveraging interactive displays to create more engaging presentations in the boardroom.
