NMP712-N-S

Key **Features**

Product **Description**

The ViewSonic® NMP712-N network media player delivers smart whiteboard functionality for interactive digital signage displays. This slot-in PC module easily plugs into compatible digital signage displays and supports high-definition audio and video. With a powerful Intel® i7 processor, the NMP712-N provides the computing power needed for educational, or corporate environments. In addition, after the installation of a Windows® 10 Pro* OS onto the media player, the NMP712-N delivers Windows-compatible touch functionality and simple navigation to a variety of applications. The NMP712-N is capable of storing and playing hours and hours of high-definition multimedia content thanks to its 8GB of built- in memory and 128GB SSD storage. Connectivity options include DisplayPort, HDMI, VGA, ve USB 2.0 ports, and two high-speed USB 3.0 ports, as well as RJ45. In addition, optional ViewBoard annotation software offers the ability to annotate on top of any content, simultaneously capture annotations, and enables multiple users to work collaboratively. *Windows 10 Pro OS not included

Specifications

More Information
