Product **Description**

The ViewSonic® ID1655 ViewBoard Touch Display is part of ViewSonic's full line of interactive devices designed for a variety of education scenarios including hybrid teaching at home or in the classroom. The ID1655 ViewBoard Touch Display is a portable 15.6" touch display that can serve as a complementary touchscreen to a laptop or tablet for more effective lessons. With an anti-glare screen and Full HD 1080p resolution, this touch display delivers a crystal-clear viewing experience so users can see more and do more for a more efficient workflow. In addition, with a 10-point projective capacitive touchscreen and included stylus pen, the ID1655 ViewBoard Touch Display delivers a smooth and natural writing experience and streamlined navigation with every tap, pinch, and swipe. Two USB-C ports enable quick and easy transmission of video, audio, and data. The USB-C ports also deliver up to 60W of two-way power: a connected laptop can power the ID1655 ViewBoard Touch Display, OR the ID1655 can power a connected laptop via a USB-C power bank or AC adapter and outlet. Measuring less than an inch thick and weighing only two pounds, the ultra-slim ID1655 perfectly fits into any bag, briefcase, or backpack so you can teach from wherever you are.

Specifications
