Product **Description**

The ViewSonic® ID1330 ViewBoard Pen Display is part of ViewSonic's full line of interactive devices designed for a variety of education scenarios including hybrid teaching at home or in the classroom. The ID1330 ViewBoard Pen Display is a 13.3" interactive display equipped with a patented electromagnetic pen. This pen delivers up to 8,192 levels of pressure sensitivity and 60-degree tilt angle an accurate and realistic writing experience. The ID1330 ViewBoard Pen Display can be plugged into a PC or laptop and used as a secondary interactive device for sharing online lessons. A USB-C port enables quick and easy transmission of video, audio, and data over a single cable. What's more, it's lightweight and compact design makes it perfect for easy carrying from classroom to home for hybrid teaching and distance learning.
