VIEWSONIC ID0730 - 7.5" VIEWBOARD NOTEPAD

Key **Features**

- Sketch on real paper and digitize every stroke in real-time
- A premium faceplate crafted from authentic bamboo for a warm, organic aesthetic
- Real ink with 4,096 pressure levels and no charging required
- Just 7.5 mm thick and 0.36 lbs, perfectly sized to travel in your sketchbook bag
- One single cable handles everything with no bulky adapters or desk clutter
- Works with leading creative and productivity software, including Photoshop, Illustrator, Zoom, and Microsoft Office

Product **Description**

The ViewSonic® ID0730 ViewBoard Notepad is part of ViewSonic's full line of interactive devices designed for a variety of education scenarios including hybrid teaching at home or in the classroom. The ID0730 ViewBoard Notepad is a 7.5" interactive writing pad that allows you to write and draw on real paper, while simultaneously digitizing all of your pen strokes. A patented electromagnetic battery-free pen delivers up to 4,096 levels of pressure sensitivity for an accurate and realistic writing experience. The pen and pad combination allows teachers to write on real paper, while providing the ability to digitally save and share these annotations online. Single-cable connectivity allows users to quickly plug the device in and immediately start interacting with the screen with no driver installation needed. What's more, its lightweight and compact design makes it perfect for easy carrying from classroom to home for hybrid teaching and distance learning.
