LD-STND-007

Key **Features**

• Extra-large caster wheels give you the flexibility to create a stationary or mobile setup with your 163” Direct View LED display. These reinforced wheels provide greater stability during transport or lock in place depending on your needs.
• With an enhanced modular design, the LD-STND-007 cart streamlines setup to help businesses save both time and money.
• This minimalist stand integrates seamlessly with the LDP163-181 and LDP163-091 Direct View LED displays, creating an elegant and sophisticated digital signage centerpiece for both offices and classrooms.

Product **Description**
