- Bi-directional USB-C cable supports video, power and data as well as HDMI ingest
- 32.8 ft. length facilitates more flexible room configurations
- USB 3.2 Gen 1 technology enables transfer speeds of up to 5 Gb per second
- Power connected devices with 30W PD 3.0 technology
- Plenum-rated PVC and zinc alloy connectors ensure durability and long-term usage

Product Description

Streamline your conference room setup with the ViewSonic® MCB-RS-C10 USB-C extension cable. This 32.8 ft. cable was engineered to add extended connectivity to the ViewSonic TeamJoin™ TRS10 and TRS10-UB solutions for Microsoft Teams Rooms. The MCB-RS-C10 features bi-directional USB-C technology to send and receive video, data and power over a single cable. In addition to HDMI ingest capabilities, this extension cable features data transfer speeds of up to 5 Gb per second with USB 3.2 Gen 1 technology and up to 30W PD 3.0 power delivery. Plenum-rated PVC and zinc alloy connectors ensure that this USB-C cable is built to last, while its extended length facilitates more flexible room configurations and optimal device placement. Whether you're looking to cut down on cable clutter, streamline installation or simply boost your audio and video quality, the MCB-RS-C10 is a must-have for organizations looking to create an optimized video conferencing experience.
