

ViewSonic® ViewBook 106

Model No. VNB106

LED-backlit netbook

Slim Style, Feature Rich 25 cm/ 10" 1.2Kg NetBook

25 cm / 10" Widescreen Window to the World

Experience photos, videos and graphics in vibrant, rich colour with the high-quality 25 cm/ 10" LED backlit wide screen. Screens utilising LED technology draw 50% less power than traditional TFT displays, which means a longer battery life.

Easy Control

The larger track-pad allows you to easily move your mouse cursor without having to reposition your hands. It gives you more precise, controlled movement.

Super fast Wireless and network connectivity

Incorporating the new 802.11n standard the ViewBook 106 allows you to connect at the highest possible wireless speeds. There is also an inbuilt RJ45 10/100 network controller for 'hard' wired connection when you need it.

Multimedia Capable

Video conference with integrated microphone, speakers and 0.3 megapixel webcam. The VNB106 provides all the tools to communicate and enjoy media on the go.

Ultra light – Heavy on functionality

The low power drawing Intel Atom processor and Windows Home operating system put full function computing at your fingertips, whilst conserving power. With built-in Wi-Fi and a webcam you can connect to the world from your favourite café hotspot or home network. The large 160GB hard drive provides all the room you need to store movies, video, photos and documents. At 1.26kg in an ultra compact design the VNB106 fits easily into your lifestyle.

Versatile Connectivity

Two high-speed USB 2.0 ports provide easy connections for peripherals while the integrated 4-in-1 card reader allows for easy file transfer. Whether you are giving a business presentation or sharing videos with friends, having a VGA out port allows you to quickly connect to a projector or a computer monitor for sharing.
