

WPG-360

WIRELESS PRESENTATION GATEWAY

Set Your Presentations Free

WITH 802.11b/g/n CONNECTIVITY FOR DYNAMIC PRESENTATIONS

ViewSonic's WPG-360 Wireless Presentation Gateway lets you wirelessly connect your notebook or desktop PC to any projector or monitor. The WPG-360 supports PC resolutions up to 1400x1050 for your presentations and full-motion video so they are displayed in crisp, clear detail. Fast animations and slide transitions ensure your presentation never misses a beat. With 802.11b/g/n wireless connectivity it effortlessly takes your presentations anywhere. Experience dynamic, interactive meetings when you easily change presenters without swapping cables. Download the software driver from the unit. There's no more need to install devices prior to your meeting. The WPG-360 supports any projector, or any large screen display with a VGA connector.

PRESENTATIONS ANYWHERE, ANYTIME

PC-Less Slide Show Presentation

Project your pictures or images directly from a USB flash drive without a PC. Supports JPEG, BMP, TIFF, GIF and PNG file.

Dynamic, interactive presentations

Fast animations and slide transitions ensure your presentations are smooth and professional. Wireless connectivity allows users to easily take control for dynamic, interactive meetings and presentations.

Supports high resolutions

The WPG-360 supports resolutions up to 1400x1050 to deliver incredible image detail and sharp text and graphics.

Broadcasting

You can broadcast a single image or message from one PC to one or up to 8 displays on the network.

4 split screen for presentation at the same time

Cost-effective solution for mobile presentations

With its easy connectivity, light weight and portability, the WPG-360 goes anywhere and is more cost-effective than a projector with integrated wireless.

Stay connected to the Internet

The 10/100 Ethernet port ensures you'll always have web access, even while projecting wirelessly.

Easy set up

There's no need for your IT staff to pre-load drivers. Wirelessly connect to the WPG-360 with your laptop. Download the driver. Start your presentation. It's that easy.
