

VG2437MC-LED 24" FHD LED Monitor with VGA, DVI, DisplayPort, 2 USB, Webcam, Microphone, Speakers and Full Ergonomic Stand

VG2437mc-LED

The ViewSonic® VG2437mc-LED Full HD ergonomic display is the ideal video conferencing solution with integrated 2 megapixel webcam, MIC and speakers. The 1080p LED panel provides an incredibly sharp picture and stunning video playback in full HD with a 20,000,000:1 MEGA Dynamic Contrast Ratio. Easy and flexible connectivity with DisplayPort, DVI, VGA, and 2-port USB hub for transferring files and attaching peripherals. The VG2437mc-LED is perfect for any workplace or classroom environment, with a highly ergonomic design engineered to maximize comfort and productivity. Backed by ViewSonic's 3-year limited warranty and industry leading pixel policy, the VG2437mc-LED is a great investment for any video conferencing use.

“All-In-One” Video Conferencing Monitor

Whether hosting business meetings, participating in virtual lectures and seminars or just keeping in touch with family and friends, the VG2437mc-LED includes everything needed from a video conferencing monitor. With an integrated 2MP webcam, microphone and a pair of 2-watt speakers built-in, customers can count on outstanding video and audio performance. Support for external headphones and a MIC offers the option to enjoy added privacy. Compatible with leading video conferencing applications, the VG2437mc-LED is a great monitor for web conferencing.

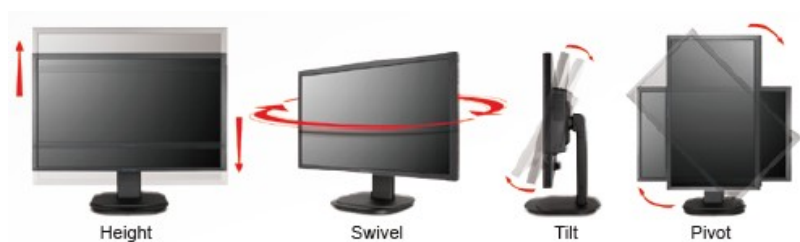

Versatile Connectivity with DisplayPort

The latest standard for rapid transmission of data, DisplayPort delivers the best refresh rate, highest resolution and incredibly rich colors. The VG2437mc-LED also offers VGA and DVI connections to support even more flexibility for both digital and analog media sources. It's easy and convenient to connect additional peripherals or accessories with the integrated 2-port USB hub.

Full Ergonomics for Maximum Comfort and Productivity

Users can reduce eyestrain and physical fatigue by adjusting the monitor to create their own most comfortable work environment. The VG2437mc-LED is designed to maximize comfort and productivity with advanced ergonomic technology. This fully ergonomic design offers over 5" of height adjustment, 360° swivel, 90° pivot and a tilt angle from -5° to 20°.

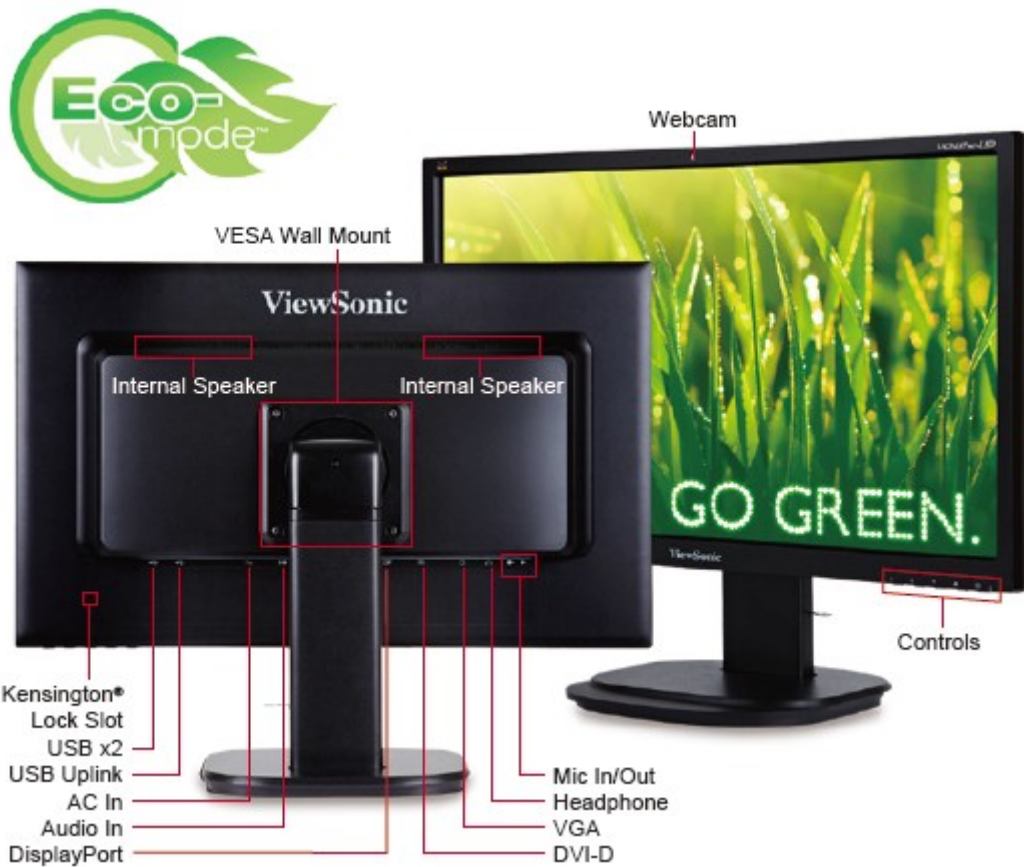

Full HD 1080p for Superlative Pixel Performance

Experience the most amazing clarity and detail whether working, gaming or enjoying the latest multimedia entertainment. The VG2437mc-LED features full HD 1920x1080 resolution to ensure excellent pixel-by-pixel image performance. A 20,000,000:1 MEGA Dynamic Contrast Ratio guarantees accurate image reproduction with rich, vibrant visual effects.

Planet-Friendly LED Backlighting and Eco-Mode

Energy-saving LED technology enhances display performance with an outstanding color range, contrast ratio and brightness output for remarkably well defined images. Embedded mercury-free LED backlighting is good for the environment and can help reduce electricity costs. Customers can save more with Eco-mode, the included three-phase self-adjusting power saving feature.

Pixel Performance

Guarantee and 3-Year Limited Warranty

One of the aspects that makes ViewSonic a market leader in displays is its dedication to quality. ViewSonic is committed to using the highest grade panels and offers the industry's leading pixel performance policy.
