VPC190

Modernise your Desktop

The ViewSonic® VPC190 All-in-One PC features a ergonomic monitor design that looks good and works great on any desk. The widescreen 48cm/19" (18.5" viewable) LCD display and the latest built-in Dual Core Intel® Atom D510 1.6MHz processor and Microsoft® Windows® 7 gives you all the computing power you need.

This compact, but versatile PC can operate independently, hardwired into a LAN network or work wirelessly within any 802.11b/g WiFi network.

Easily transfer and share files, photos and more through the six USB 2.0 ports or the 4-in-1 card reader. The discreetly integrated slot loading DVD writer completes the tidy and functional design, providing a comprehensive range of optical media support.

The VPC190 is perfectly designed for call centres, libraries, school computer labs, home desktop, generally anywhere that space is a premium. It also has a detachable stand and can be mounted to any wall where required using a standard VESA bracket.

> **View documents and surf the Internet in crisp detail on the high resolution 47cm/18.5" screen**

> **The Dual Core Intel® Atom™ D510 1.6GHz processor with 2GB of memory provides plenty of power for desktop computing**

> **Six high-speed USB 2.0 ports provide easy connections for peripherals**

> **4-in-1 card reader allows for easy file transfers**

> **Easily integrates into a LAN network through the 10/100 Ethernet LAN connection**

> **Stay connected wirelessly through 802.11b/g WiFi connectivity**

> **Integrated 1.3 megapixel webcam makes it easy to interact with friends and colleagues**

> **2x3 watt speakers complement video conferencing and Internet browsing**

Note: Keyboard and mouse not supplied as standard
