THE FUTURE OF DISPLAY SOLUTIONS

See the difference with **ViewSonic**

Founded in California USA in 1987, Viewsonic has been a leading global provider of visual presentation solutions for over 30 years. As an Innovator and visionary, Viewsonic has continuously helped people to "*See the Difference*" with a portfolio of products including monitors, commercial displays, ViewBoard interactive flat panels, touch displays and projectors combined with class leading software and services such as our hybrid myViewBoard ecosystem for digital whiteboards for everyone, everywhere.

Vision

Inspire the world to see the difference between the ordinary and the extraordinary by providing innovative visuals solutions for work, play and learning.

Mission

Providing excellence in visual solutions via intergrated software, hardware and services.

Core Values

CUSTOMER FOCUS

We serve the needs of our customers by actively listening to their challenges and delivering solutions to solve their problems.

CUSTOMER FOCUS

We contribute to the communities we serve by lowering our environmental footprint, being economically prosperous and leveraging our technologies a as force for good.

CUSTOMER FOCUS

We seek continuous improvement by setting challenging goals, embracing feedback and realizing it is from failure that we learn the most.

AGILITY

We adapt to the changing needs of our customers faster than our competitors do.

INTEGRITY

We act in the best interests of our customers, employees and shareholders by being inclusive, open, honest, and transparent.

TEAMWORK

We embrace the diversity of opinions to foster collaboration and drive innovation.

VP SERIES

VP16-OLED

Size / Panel	24" / SuperClear® IPS Technology with 100% sRGB
--------------	---

Resolution	Full HD (1920 x 1080)
------------	-----------------------

Brightness	250 nits
------------	----------

Color Gamut	sRGB - 108%
-------------	-------------

Colour Accuracy / Calibration	ColorPro Verified with factory free-calibration for overwhelmed Delta E<2 color
-------------------------------	---

Certification	Pantone Validated
---------------	-------------------

Ergonomics	Height Adjustment / Swivel / Tilt / Pivot
------------	---

Connectivity	USB-C with 60W high-speed charging, Plus HDMI 1.4, DisplayPort 1.2, USB 3.2
--------------	---

Additional Features	30 Versatile Working Modes, 3 Side borderless Design, Dual Integrated Speakers 2 watts, CAM/CAD mode for design, portrait mode for photography, TÜV certified for blue light filter, Split Screen
---------------------	---

Size / Panel	16" / OLED Panel, 1.07 Billion Colors (10Bits)
--------------	--

Resolution	Full HD (1920 x 1080)
------------	-----------------------

Brightness	400 nits
------------	----------

Color Gamut	10 bit (8 bit + FRC), Adobe RGB - 112%, sRGB - 150%
-------------	---

Colour Accuracy / Calibration	100% DCI-P3 Pantone Validated color coverage with Delta E<2 as color quality guarantee, Factory Pre-calibrated
-------------------------------	--

Certification	Pantone Validated
---------------	-------------------

Ergonomics	Tilt / Height / Forward / Backward
------------	------------------------------------

Connectivity	2 x USB, 3.2 Type C (40W Power Charger), Micro HDMI, 3.5mm Audio Jack Out
--------------	---

Additional Features	Tripod ready and foldable stand for outdoor shooting, Integrated Hood, Compatible with Windows & Mac Tested
---------------------	---

VP2456

VP2468A / VP2768A

Size / Panel	24" / 27", SuperClear® IPS Technology with 100% sRGB
Resolution	Full HD (1920 x 1080) / Quad HD (2560 x 1440)
Brightness	250 nits / 350 nits
Color Gamut	sRGB - 113% / 112%
Colour Accuracy / Calibration	100% Rec. 709 color coverage, Factory Pre- calibration for overwhelmed Delta E<2 color, ViewSonic Colorbration Kit
Certification	Pantone Validated
Ergonomics	Height Adjustment / Swivel / Tilt / Auto Pivot
Connectivity	USB-C with 65/90W high-speed charging, HDMI 1.4, 1/2 x Display Port, 2 X USB 3.2 Type A, USB 3.2 Type B, 3.5mm Audio Out Jack, Ether Net LAN
Additional Features	Daisy Chain, World's 1st TUV SUD tested color blindness monitor, 14-Bit 3D lookup Table, Split Screen, 3 Side Borderless design

Size / Panel	27" / SuperClear® IPS Technology with 100% sRGB
Resolution	4K - Ultra HD (3840 x 2160)
Brightness	350 nits
Color Gamut	sRGB - 109%
Colour Accuracy / Calibration	ColorPro Verified with pre-factory calibration for overwhelmed Delta E<2 color accuracy
Certification	Pantone Validated
Ergonomics	Height Adjustment / Swivel / Tilt / Auto Pivot
Connectivity	USB-C with 60W high-speed charging, HDMI 2.0, DisplayPort 1.4, USB 3.2
Additional Features	30 Versatile Working Modes, 3 Side Borderless Design, Dual Integrated Speakers 2 watts, CAM/CAD mode for design, Portrait mode for photography, TÜV certified for blue light filter, Split Screen, Adaptive-sync mode for your game design time
